The 2004 Chamber Choir is a continuation of the 15 Year 10 girls who performed so successfully in 2003, but unlike last year this choir had no rehearsal allocation until recently. Now in Year 11, the girls successfully defended their title winning the U18 Chamber Choir division in Sydney. Once again, there has been a focus on vocal jazz, with other styles of music learned for the appropriate occasions. One of the highlights was the Choir's reworking of "Smoke gets in your eyes" for World Teachers Day. With somewhat corny and cheeky lyrics written by the choir, the staff was thrilled with this musical offering.

Much of the repertoire was from the previous year, but with the limited rehearsal time, the emphasis was more about the enjoyment of participation and singing well than learning a new repertoire.

Michael Griffin
